PRESIDENT'S MESSAGE

Well, our summer season is over and we have to get our U.B.G. Property Owners' Association into high gear again. Let's all work together and finish up with our best year ever.

Al Slinkman

THOUGHT FOR SEPTEMBER

September is the month our residents begin to return from summer vacation and everyone settles down to their normal routine.

We also resume our Association meetings on September 9. Presumably the main item to be discussed will be a Nominating Committee who will begin work on selecting candidates for Officers for 1981. We have been fortunate so far in having Officers each year who have accepted the responsibilities given them and worked diligently at them. It would be a great help to the Association if we could involve more members from Unit III and new residents in Units 1 and II.

If you are asked to be on the Nominating Committee please a ccept and be aware that it is not an easy assignment. If you are asked to accept an office, please consider it. If you know someone whom you believe to have good Officer qualifications, please get his/her name on the list.

No wonder the Russians are getting so confident. If they've been watching American TV, they must figure every American has either tired blood, indigestion, or nagging headaches.

DONATING VITAL ORGANS

Did you ever consider donating your eyes after your death to someone who might need them? How about donating your kidneys and save someone's life? Many people die needlessly or are on dialysis for years for the want of a kidney. There is always someone waiting that needs a kidney. You can also donate your body to science after your death.

If you are interested in any of these items, please contact Harold Jenkinson at 753-3216.

Harold Jenkinson

LAFOR DAY - SEPTEMBER 1

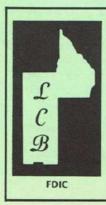

In 1882, September 5, Peter J. McGuire of Central Labor Union of New York City organized the first parade of Labor Organizations. The following year another parade was held. In 1894, Congress passed a law designating "the first Monday in September a public Holiday" in the District of Columbia. All States finally took steps to make it a legal Holiday.

"JET LAG"

Did you make a long trip by plane lately? The term "jet lag" is not a myth. Rapid time changes that come with long trips can throw the body off its normal pace both physically and psychologically. It sometimes takes several days to get an even keel. Time should be allowed for a day of rest after arriving before beginning a hectic schedule.

THE CRITICS CORNER

So I told Sarah, my ten year old grandaughter, "Est your spinach! It puts color in your cheeks". "Who wants green cheeks" she snorted.

BUSCH GARDENS

Many thanks to Harold Jenkinson for making it possible for members of O.B.G. Property Owners' Association to take advantage of savings when visiting either Busch Gardens in Tampa or the Old Country in Williamsburg, Va. Your Passport will give special discounts at certain hotels, motels, car rentals, restaurants and campgrounds. Head the Brochure which you received with the June Bulletin.

Busch Gardens started in 1959 on a very few acres of ground. There were three employees at that time and no admission charge. Now it takes 1400 employees to keep the place going. Last year 2.9 million people visited the Gardens. So far this year 2.9 million have already passed through the turnstiles. It looks as though all attendance records will be broken.

Dot Tutwiler and myself had the opportunity of visiting the Dark Continent as guests of Harold and Betty Jenkinson in connection with the Passport Club. There is something of interest for everyone of every age.

Amont other things, we attended the show at the Stanleyville Theater and rode both the railroad and the monorail. Here you could admire the animals at close range. The zebra is a spectacular animal. I understand no two of them are marked exactly alike. Their stripes are a form of protection. In the wilds, as they run from an enemy they turn and dart in different directions and the stripes tend to confuse the pursuer.

My only regret at the end of the day was not having enough time to enjoy all the attractions.

LEESBURG PUBLIC LIBRARY

The Leesburg Public Library is a fine place to visit. For anyone with impaired sight, either temporary or permanent, they have a good selection of large print books. They also carry casset tapes of interesting short stories. The reading room is equipped with large and regular print editions of magazines, newspapers, and reference books. For people who enjoy music, they have a fine collection of popular, jazz, and classical records which can be taken out on loan. Their selection of books is enormous and best sellers can be taken out as soon as the edition is published. All the Librarians are extremely courteous and helpful.

All this and the fee for out of city residents is only \$10 a year. It is ten dollars well spent.

THOUGHT FOR THE MONTH

A favor is that kindly deed...beyond a friendly smile...That comforts someone else on earth...And makes this life worthwhile...It may involve a fortune or...The fraction of a cent...Or just some little effort that...Is generously spent...We may be asked to do it or...The thought may be our own...In any case it is the way...Cur charity is shown...It is a little sacrifice...That we are glad to make...To brighten up the sky a bit...For someone else's sake...And often we consider it...A privilege to extend...Because there is no great deed...Than helping out a friend.
